

Fly with us to the South Pole and the Emperor Penguins The Ultimate Trip on Earth

RSVP

My dream has always been to stand at the South Pole. I have been lucky enough to have done many amazing trips - but never one this exotic or unique!

[Fly to South Pole and Emperor Penguins](#)

I am inviting you to join our group of just 12 explorers on **Jan 12, 2025** in Cape Town - then fly to the Antarctic mainland, land at Wolf's Fang ice runway - stay at **Whichaway Camp** in luxury eco pods partaking in some amazing activities - fly to visit a remote **Emperor Penguin colony** - fly to the **South Pole**... and back of course!

I have been in Antarctica five times by more traditional methods and have only ever seen two of these endangered Emperor penguins.

This trip is unique, and not to be confused with any other Antarctic trip you may have done. Most of us cannot, or never will, stand at the Southernmost point on the planet. Our dates are **Jan 12 - 19, 2025**.

Travel is of course subject to approval of a medical by your doctor, and approval by their company doctors.

Undoubtedly you will have questions so please don't hesitate to call me... **435-640-2003**.

Feel free to pass this on to any friends that are like minded people, and who have an unlimited sense of adventure!

Other options for Antarctica

If this is too much for you, there are other options for getting to Antarctica, either by smaller expedition ship or by [flying into the Antarctic peninsula and continuing on by small luxury boat in the smoother waters](#). Call me if you want to learn more... **435-640-2003**

There are many options, but do not be fooled by the ever increasing offers from the luxury cruise lines - they are NOT always what they seem to be!

Hoping you will join Rochelle and I on this unique adventure to the bottom of the world! We have just three spots left!
